JOURNAL OF Mathematical ECONOMICS

Index

Boylan, R.T., Voting over investment 187
Chiappori, P.A. and J. Dávila , Cycles and sunspots: The Poincaré–Hopf approach 269
Chichilnisky, G. and G. Heal , On the existence and the structure of the pseudo-equilibrium manifold 171
Dávila, J., *see* Chiappori, P.A. 269
Demarzo, P.M. and B.C. Eaves , Computing equilibria of GEI by relocalization on a Grassmann manifold 479
Duffie, D., Incomplete security markets with infinitely many states: An introduction 1
Eaves, B.C., *see* Demarzo, P.M. 479
Engl, G. and S. Scotchmer , The core and the hedonic core: Equivalence and comparative statics 209
Heal, G., *see* Chichilnisky, G. 171
Hellwig, M., Rational expectations equilibria in sequence economies with symmetric information: The two-period case 9
Kim, T., Revealed preference theory on the choice of lotteries 436
Levine, D.K. and W.R. Zame , Debt constraints and equilibrium in infinite horizon economies with incomplete markets 103
Magill, M. and M. Quinzii , Incomplete markets over an infinite horizon: Long-lived securities and speculative bubbles 133
Mas-Colell, A. and P.K. Monteiro , Self-fulfilling equilibria: An existence theorem for a general state space 51
Mas-Colell, A. and W.R. Zame , The existence of security market equilibrium with a non-atomic state space 63
Monteiro, P.K., A new proof of the existence of equilibrium in incomplete market economies 85
Monteiro, P.K., *see* Mas-Colell, A. 51
Moriguchi, C., Two-part marginal cost pricing in a pure fixed cost economy 363
Nielsen, L.T., Common knowledge: The case of linear regression 285
Promislow, S.D. and D. Spring , Postulates for the internal rate of return of an investment project 325
Quinzii, M., *see* Magill, M. 133
Rath, K.P., Existence and upper hemicontinuity of equilibrium distributions of anonymous games with discontinuous payoffs 305
Scotchmer, S., *see* Engl, G. 209
Sönmez, T., Implementation in generalized matching problems 429
Spring, D., *see* Promislow, S.D. 325
Suh, S.-C., Implementation with coalition formation: A complete characterization 409
Zame, W.R., *see* Levine, D.K. 103
Zame, W.R., *see* Mas-Colell, A. 63
Zhang, A. and Y. Zhang , Stability of a Cournot–Nash equilibrium: The multiproduct case 441

Zhang, S.-M., Extension of Stiemke's lemma and equilibrium in economies with infinite-dimensional commodity space and incomplete financial markets 249
